Student Journal*

Former Sustainability Intern at Dallas College

# MORE ABOUT SUSTAINABILITY...

# THE SUSTAINABLE AGE - STUDENT JOURNAL

THE GLOBAL GOALS

Who we are...

A journal rooted in sustainability.  
By students, for students.

We are inspired around the United Nation's Sustainable Development Goals. As such, we are a global organization, with student writers from across the world. Our articles advocate for more equitable and responsible choices at both the individual and international scale.
